ADDITIONAL INFORMATION

The source of data for these tables is the Annual Survey of Nursing Homes, conducted by the Wisconsin Division of Health Care Financing, Bureau of Health Information, in cooperation with the Division of Health Care Financing, Bureau of Fee-for-Service Health Care Benefits; the Division of Disability and Elder Services, Bureau of Quality Assurance; and the state's nursing home industry.

Beginning with the 1999 data year, reports based on this annual survey analyze nursing homes separately from facilities for the developmentally disabled (FDDs). Nursing homes (see HFS 132) comprise skilled nursing facilities (SNFs), intermediate care facilities (ICFs), and institutions for mental diseases (IMDs). Because reports from years before 1999 did not exclude FDDs from the analysis of "nursing homes," they are not comparable to this year's report.

More detailed information on Wisconsin nursing homes and their residents can be found in the report, *Wisconsin Nursing Homes and Residents, 2002*. Agency-specific information can be found in *Wisconsin Nursing Home Directory, 2002*. Both publications are available at: <http://www.dhfs.state.wi.us/provider/nursinghomes.htm>
